

PRESS RELEASE

Couch Opera Live: Connecting to you through the power of music!

"Couch Opera Live" is a new performance platform created in Western Australia, by Western Australian artists to showcase the artistry and beauty of the human voice.

Live streamed and free to watch on 13 June at 6pm AWST (Perth Time), "Couch Opera Live" will feature outstanding Australian and International opera and musical theatre singers, all of whom have been affected by the widespread cancellation of live events across the world due to the Covid-19 pandemic.

Performing magnificent arias and songs, each artist will perform from their home city, connecting to you through the power of music!

"Couch Opera Live" is a fundraising initiative to protect the future of talented Australian and International artists who have been affected by Covid-19.

"Couch Opera Live" needs your valued support. Please donate now at Go Fund Me to support the artists performing in "Couch Opera Live", who will directly benefit from your donation. For more information and updates please check out the Couch Opera Live Facebook page. The concert will be live streamed on Youtube with a link on Facebook.
